What is IEEE Collabratec™?

- ▶ What is IEEE Collabratec™?
 - an integrated online/digital and community experience with a suite of services made available from a central hub
 - allows for networking and productivity inviting IEEE and non-IEEE individuals to **network, collaborate, and create** – bringing IEEE participants together with one another.
 - enables authors and researchers to **network and collaborate**, using tools that assist publishing.
 - integrated access to content within an esteemed body of journals
 - is available to IEEE’s global constituencies and can extend and expand upon this audience reaching new global stakeholders.

3 10/27/2017

What is IEEE Collabratec™?

- ▶ Competitive Differentiation
 - Unlike our competitors, IEEE has chosen to offer a **combination solution** for BOTH members and author/researchers, connecting individuals with similar fields of interest. Our competitive differentiation also includes:
 - Combining productivity and collaboration within one suite/hub
 - Focusing on engineers/technology professionals
 - Official IEEE platform, leveraging the strength of the IEEE brand as a trusted entity

7 10/27/2017

MEET TECHNOLOGY PROFESSIONALS

FIND EXPERTS	GET NOTICED	MESSAGE REAL-TIME

Expand your professional network and stay connected with current contacts all in one place. Easily find technical experts by quickly sorting through thousands of profiles by technical interests, geographic location, school/university, company, IEEE membership grade, Society membership, and more.

8 10/27/2017

JOIN AND PARTICIPATE IN COMMUNITIES

Communities bring together like-minded professionals around exciting topics of technical interest, affinity, or geographic location. Inside a community you can ask questions, share expertise, or debate hot topics as well as discover conferences or meetings taking place around the globe or in a town near by.

TECHNICAL

Stay up-to-date with the latest technical topics including 5G, Smart Cities, Internet of Things, Entrepreneurship, and more.

GEOGRAPHIC

Discover and share what is happening locally by joining a community focused on your city or region with communities ranging from Asia/Pacific to London to Uganda and more.

SPECIAL INTERESTS

Celebrate IEEE's diversity by joining communities for Young Professionals, IEEE Day, Global Student Exchange, Women in Leadership, and more.

EMBRACE OPPORTUNITIES

JOIN A NEW WORKFORCE
 Join students or professionals navigating the transition to a new career. Access talent from around the world by creating a short term assignment, task for a project, freelance opportunity, or internship. This feature is available only to IEEE members.

WORK TOGETHER IN GROUPS

Create, organize, share, and collaborate virtually on projects or articles by creating a group where you have the option to invite selected individuals or allow anyone to discover and join.

VIRTUAL WORKSPACE

Create a shared library by uploading files, create and manage a to do list, and have real-time discussions with others in your group.

COLLABORATE

Move your article or project forward with others in your group when you create, share, and collaborate on files using Microsoft Office, Google Docs, or Overleaf.

11 10/27/2017

MANAGE YOUR LIBRARY

Create an easy-to-manage library by accessing online tools to search, store, and cite documents for your research all in one place.

BRING RESEARCH TOGETHER

Use attached services such as Dropbox, Google Drive, Microsoft OneDrive, or Box to store and access files in one place.

ORGANIZE FILES

Tag content, create bibliographies, flag for review, create research collections and manage metadata in a personal library.

SEARCH AND SAVE LITERATURE

Conduct a literature search including in IEEE Xplore, and save relevant results to your library.

12 10/27/2017

DISCOVER IEEE EVENTS

IEEE organizes thousands of conferences and meetings on a wide range of technical topics. Find and sort through IEEE events and activities around the globe or in a town nearby.
