About IEI'2024

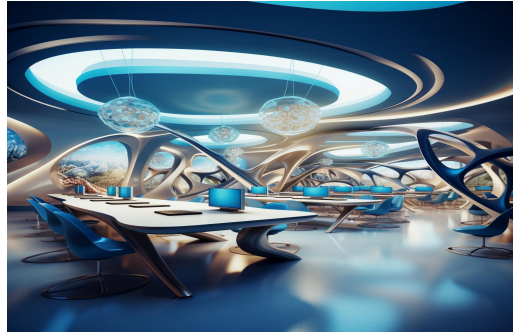

The IEEE Egypt AP-S/MTT-S Joint Chapter, Egypt, organizes the International Exhibition of Innovations (IEI'2024). It is scheduled for August 18–19, 2024, AL Ryada University for Science and Technology, Sadat, Egypt. The IEEE AP-S and MTT-S societies are providing technical support for the competition.

The Innovation Exhibition aims to showcase innovative concepts and projects developed within the college, along with a diverse range of technical projects. This exhibition aims to promote creative thinking and inspire students to investigate and create fresh approaches to a range of issues and difficulties across numerous disciplines.

Participants have the chance to share their ideas with others and exhibit their creativity at the Innovation Exhibition. A judging committee is also present to assess the projects and recognize the participants who have showcased the most innovative ideas.
