Additional attractions included at no cost:

Day 1

- Lunch and coffee breaks
- Visiting of accredited EMC laboratory of Łukasiewicz - PIT
- Back-in-time tour (afternoon)
- Barbecue and beer degustation at "Pivna Stopa" Pub (evening)

Back In Time Tour: this is an animated tour of the most popular tourist places in Poznań in a more interesting and engaging form. A guide in a historical costume of a nobleman or a medieval townswoman will be waiting for the group and will present the history of old Poznań in a cheerful way. The group will burn the witch at the stake, play the roles of Przemysł II's court, and everyone will be able to see and touch the tools once used by the executioner. This is a great form that stays in your memory for a long time and allows you to travel back in time several centuries ago.

"Pivna Stopa" Pub

Pivna Stopa is a place created by enthusiasts, for enthusiasts. Beer can amuse, beer can educate, beer can save your poor soul, mate! In order to celebrate this old Polish saying, we are organizing educational get-togethers which beer lovers call BEER TASTING. These informal meetings with a friendly atmosphere serve to popularize beer lore including the process of beer brewing. If you additionally like the aroma of burning coal, we will offer grilling in a covered gazebo.

Day 2

- Lunch and coffee breaks
- Visiting of facilities of Poznan University of Technology – Radiocommunication Institute
