## 2024 IEEE ITSS R8 Chapters Meeting

### Poster Session & Competition

#### Description

---

The IEEE Young Professionals (YP) program focuses on researchers up to fifteen years from the first degree and with an option to participate beyond the fifteen-year span. YP is an international community of enthusiastic, dynamic and innovative members and volunteers. IEEE is committed to help YPs evaluate their career goals, polish their professional image, and create the building blocks of a lifelong and diverse professional network.

The 3<sup>rd</sup> IEEE ITSS R8 Chapters Meeting (Genova, October 24-25 2024 – [Link here](#)) aims to connect industry and academia to foster technological innovations for intelligent transportation systems and to inspire scientists with the latest developments in methodologies, technologies or services/applications for transport systems.

The 3<sup>rd</sup> IEEE ITSS R8 Chapters Meeting includes a **Poster Session & Competition**. In this competition, the participants are invited to present their work/research with a poster and a 1 minute pitch. There will be three categories in the competition: **Under-Graduate Students; Ph.D. Students; Researchers & Professionals**. **Prizes (certificate) will be awarded to the best poster in each category. Participation certificates will be given to all the posters.** The poster will be judged on the basis of originality, clarity and by considering the ability to effectively convey to the key-points of each presented idea.

We will close the event by a free drink. Everyone is welcome to come and watch.

To submit a contribution, please send an e-mail to Angelo Coppola, YP Representative of the ITSS Italian Chapter, ([angelo.coppola@unina.it](mailto:angelo.coppola@unina.it)) following the below listed information:
