Best Research Activity on Sensors Pitch Presentation

Teams composed of one girl and one boy are invited to present their joined research activity during our SenseIT event!

The two Team's members must be IEEE Student members, and can apply to this initiative by submitting a short abstract of the project, according to the following indications:

Title

Names of the two Team's members

Affiliations and emails of the two Team's members

Abstract (maximum 300 words)

The file, saved in PDF format, must be sent via the following application form:

<http://bit.ly/senseit>

Deadline for proposal submissions: November 15, 2020, 2pm

The Evaluation Committee will evaluate the received applications by considering the **originality** and the **scientific content** of the projects. The three finalist teams will be invited to pitch their project during the **SenseIT event**, and the best team will be awarded with **300 €** prize sponsored by the **IEEE Sensor Council**.

The members of the Evaluation Committee are: Dr. Elena Bergamini, Prof. Stefania Campopiano, Dr. Monica La Mura, Prof. Paola Saccomandi, Prof. Emiliano Schena
