

## IEEE –Italy Sensors Chapter **Best Student Wearable Sensors Project Award** at the International Summer School On Wearable Sensors - 2024

### Rules for Participants

The IEEE Italy Sensors Chapter recognizes young researchers through the presentation of the Best Student Wearable Sensors Project Award on “Wearable Sensors”. This award will be given to a distinguished project authored by a student attending the *International Summer School on Wearable Sensors* to be held in Roma (Italy), July 10-12, 2024. The project consists of creating a summary and delivering its key points through a presentation at the end of the school. All candidates will be provided with a set of data collected in the real-world context using sensors presented during the school. The candidates will have to analyze and write an abstract based on this data (following a provided .doc template) and then present its content.

The award consists of a certificate and a prize of 100,00 €.

To be eligible for the Best Wearable Sensors Project Award, the applicant must be:

- a Student Member of IEEE
- under 35 years old.

To apply for the award, please send your abstract to Emiliano Schena ([e.schena@unicampus.it](mailto:e.schena@unicampus.it)) indicating the following string as a subject of your e-mail: UCBM School Award\_SURNAME NAME.

Judgment criteria for the Best Student Wearable Sensors Project Award will be based on the scientific content of the paper and on the presentation of the work.

The evaluation committee consists of three members of the IEEE Italy Sensors Chapter nominated by the Chapter Chair and one member of the Organizing Committee of the *International Summer School on Wearable Sensors*.

The Award Committee is composed by:

- 1) Dr. Carlo Massaroni
- 2) Prof. Elena Bergamini
- 3) Prof. Emiliano Schena
- 4) Dr. Daniela Lo Presti

The abstract and the presentation will be evaluated through the following criteria:

- Successful application of concepts developed during the Summer School
- Justification for data selection and processing
- Writing/presentation quality
- Interpretation and discussion of study findings

All the decisions of the Committee are final. No ex-aequo is allowed.
