Call for Papers
EMC Europe 2022

International Symposium on Electromagnetic Compatibility
September 5-8, 2022, Gothenburg, Sweden

The Symposium
EMC Europe, the leading EMC Symposium in Europe, will be held at The Swedish Exhibition & Congress Centre in Gothenburg, Sweden, September 5-8, 2022. We are pleased to invite and encourage all those working in the field of electromagnetic compatibility to participate in this prestigious event.

Technical Scope
EMC research and conferences in Europe have a long tradition. The series of independent EMC Symposia based in Woodstock, Zurich and Rome running every second year, has now merged into EMC Europe which is organised annually in a European city to provide an international forum for the exchange of technical information on EMC.

EMC Europe 2022, Gothenburg, will consist of four days oral and poster presentations, workshops, tutorials, special sessions and an exhibition. The organisers aim at making this a technical rewarding conference and your stay in Gothenburg a very pleasant one.

Exhibition Invitation
EMC Europe 2022

International Symposium on Electromagnetic Compatibility
September 5-8, 2022, Gothenburg, Sweden

We welcome you to participate as an exhibitor at EMC Europe 2022.

EMC Europe 2022 is the recurrent natural meeting place for people working with EMC – internationally and nationally – and for those who place high demands on a conference and exhibition event. EMC Europe is organized every year in one prominent city in Europe. In 2022 it is time for Gothenburg.

The conference will take place at The Swedish Exhibition & Congress Centre, in the centre of Gothenburg, Sweden.

The exhibition in connection with the conference gives you as an exhibitor a unique platform for doing business and make important contacts. You meet the right people, at the right time and in the right context.

Do you want to establish new customer relationships and meet people who can affect the future of your business, then EMC Europe 2022 is the event to invest in.

Welcome to occupy a prominent place on the EMC Europe 2022's exhibition.
